## COMMERCIAL CANNABIS LEGAL IN COLORADO

### THE WORLD WATCHES AS A NEW AGE DAWNS MILE HIGH

#### Recreational Canna Special Report, Page 6

Colorado voters approved recreational cannabis, which has not been a commercial good until today (January 1st, 2014). The Cannapages special report and quick guide covers tax information, store hours, rules and precautions for the new law. Although medical canna has existed for years, recreational promises to change the world.

#### "Cannabis is just great!" Opinions, Page 8

I admit it would probably take what, 5 minutes at least to think of all the possible things there are to think of in the entire universe. And you have love and digital cameras and the invention of the wheel and stuff like that. But I could live in a world without those things. You understand me now?

#### About Cannapages from the Editors

Cannapages was founded in 2009 by medical marijuana patients in Denver, Colorado. Since launching the branded directory has been featured in three magazines, and the team is now known for industry media development, patient parties and giveaways.

Cannapages.com was envisioned as a place where dispensaries could share deals with patients, where feed back was honest and never "computer-generated," where customers could depend on information from a local source. The editors of Cannapages are patients, volunteers, growers, and some, serving in current or past management at local establishments. This directory is to be used as a resource during this new era of regulated cannabis. Welcome to the Future.

#### Landing an Inside Job Hemp Temps, Page 12

With the explosion of a young industry--and now with recreational cannabis on the horizon--new job-seekers are turning to job agencies like Hemp Temps to get their foot in the door. The economy has been rough for years and although the cannabis industry has had its own rocky beginning, the job market is now increasing as surviving dispensaries grow and expand.

#### Recreational Sales! See Store List, Page 45

Although no one is sure quite when the doors will open to all, Cannapages has a list of the local stores applying for a recreational license so that you can plan your trip accordingly when we get the green light. See our full list of applicant dispensaries, or find them notated in the Dispensary category.
